When he had finished writing he took a razor, and must have ent his throat in a deliberate manner. Not using the razor skillfully, however, he ran out into the yard, leaving a trail of blood, and threw himself into a cistern. He must have held his head under water, because it was shallow. The first news of his act was in a letter which his sister found awaiting her on returning home. It was couched in religious sentiment, leaving directions for the disposal of some effects. Late in the evening the body was found in the eistern, and the greatest secrecy observed until County Physics
